

SAFETY DATA SHEET

1. Identification:					
Product Identifier:		Refine [®] 3.5 WSG			
Other Means of Identific	ation.	EPA registration number 62097-37-82917	7		
Distributed by:		Fine Americas, Inc.			
Distributed by:		1850 Mt. Diablo Blvd., Suite 405, Walnut	Creek CA 94596 USA		
		Tel: 925-932-8800			
Emergency Phone Number:		Chemtrec 1-800-424-9300 (24 hours)			
Recommended Use:		Plant growth regulator for thinning and co	ntrol of pre-harvest drop of		
		apples and pears, and for promoting return bloom of apples the			
		following season.			
Restrictions on Use:		Keep out of reach of children			
2. Hazard(s) Identification 29 CFR 1910.1200):	ON (This product	t is classified as hazardous as defined by OSHA I	Hazard Communication Standard,		
Class/Category:		Eye irritation, category 2B			
Route of Exposure:		Most likely exposure by Dermal or oral ro	oute		
Hazards Not Otherwise Classified:		None			
Signal word:		WARNING			
Symbol(s):		None			
Hazard Statements:		H320 Causes eye irritation			
Precautionary Statemer	nts:	Prevention:			
		P264 Wash hands thoroughly after handling.			
		Response:			
		P305+351+338 IF IN EYES: Rinse caution			
		minutes. Remove contact lenses if present and easy to do – continue			
		rinsing.			
		P337+313 If eye irritation persists get medical advice / attention.			
		Storage:			
		None assigned Disposal:			
		None assigned			
3. Composition:		Hono doolghod			
	following com	ponents classified as hazardous under 29	CER 1910 1200		
CAS number:	leneting cent	Component:	Percent:		
61-31-4	1-Naphthale	neacetic Acid, Sodium Salt (NAA Na)	3.5%		
None assigned		aromatic polymer sodium salt	1.9%		
None assigned		Inaphthalene sulphonate	1%		
		uired to be disclosed by 29 CFR 1910.1200).		
4. First Aid Measures:					
Inhalation:		Move person to fresh air. If person is not breathing, call 911 or an			
		ambulance, then give artificial respiration, preferably mouth-to-mouth			
		if possible. Call a poison control center or doctor for further treatment			
		advice			
Eyes:		Rinse cautiously with water for several minutes. Remove contact			
		lenses if present and easy to do – continue rinsing. If eye irritation			
01:		persists get medical advice / attention.			
Skin:		Take off contaminated clothing. Rinse skin immediately with plenty of			
		water for 15-20 minutes. Call a poison control center or doctor for			
Indection		treatment advice	nodiately for treatment		
Ingestion:		Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not			
		induce vomiting unless told to do so by a poison control center or			
		doctor. Do not give anything to an unconscious person.			
L		assist. Do not give anything to an uncon-			

Symptoms/Effects:		Acute:	No available inform No available inform

pH:	6.4 (1% solution at 70°F)				
Melting Point/Freezing Point:	No data available				
Boiling Point:					
Flash Point:	Not applicable Not applicable				
Evaporation Rate:	Expected to be low				
Flammability/Limits:	Not flammable				
	LFL: not applicable				
	UFL: not applicable				
Vapor Pressure:	No data available				
Vapor Density:	No data available				
Relative Density:	Pour density: 0.56 g/ml, tap density: 0.59 g/ml (68°F)				
Solubility (H ₂ O):	Dispersible				
Partition Coefficient:	No data available				
Auto-Ignition Temperature:	No data available				
Decomposition Temperature:	No data available				
Viscosity:	Not applicable				
10. Chemical Stability and Reactivity					
Reactivity:	No applicable information available				
Chemical Stability:	Stable in original containers for at least 2 years at ambient				
••••••••••••••••••••••••••••••••••••••	temperatures. (40-70°F)				
Possibility of Hazardous	No applicable information available				
Reactions:					
Conditions to Avoid:	Protect from high temperatures and sources of ignition.				
Incompatible Materials:	Avoid accidental contact with strong acidic or alkaline solutions or				
	oxidizing materials.				
Hazardous Decomposition	None known.				
Products:					
11. Toxicological Information:					
Likely Routes of Exposure:	Most likely exposure by Dermal or oral route				
Symptoms:	Inhalation: Inhalation potential is very low, product is a granule and				
	classed as nearly dust free (0.05%)				
	Eye: Minimally irritating (EPA category IV)				
	Skin: Non-irritant (EPA category IV) Ingestion: No data available				
Acute Toxicity:	Oral: LD_{50} Rat >5,000 mg/kg (EPA category IV)				
Acute Toxicity.	Inhalation: Not measurable dust free granule				
	Dermal: LD ₅₀ Rat >5,050 mg/kg (EPA category IV)				
Skin Corrosion/Irritation:	Non-irritant (rabbit) (EPA category IV)				
Serious Eye Damage/Eye Irritation:	Moderately irritating (rabbit) (EPA category IV)				
Sensitization:	Non-sensitizing (guinea pig)				
Germ Cell Mutagenicity:	No evidence of mutagenic effects				
Carcinogenicity:	None of the components of this product are listed as carcinogens by				
	NTP, IARC or OSHA.				
Reproductive/Developmental	No evidence of reproductive effects				
Toxicity:					
Specific Target Organ Toxicity:	Single Exposure: No data available				
	Repeated Exposure: No data available				
12. Ecological Information:					

Ecotoxicity:

Based on the limited data set available, EPA believes that the naphthalene acetates risks are not of concern to non-target organisms, including mammals, birds, aquatic organisms, and non-endangered, non-target plants. Risks to terrestrial insects cannot be quantified, but the available data do not suggest a substantial potential for adverse effects. Therefore, no measures are needed to mitigate risk to non-target species and non-endangered, non-target plants. (Citation, NAA RED October 2007)

Persistence and Degradability:	Active ingredient degrades >95% over 1 year so is ultimately completely biodegradable.						
Bioaccumulation Potential:	No data available.						
Mobility in Soil:	No data available.						
Other Adverse Effects:	None known						
13. Disposal Considerations:							
Disposal Instructions:	Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container disposal: Non-refillable container. Do not reuse or refill this container. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.						
14. Transport Information:		-, -, -,	9	,			
UN Proper Shipping Name:	Not applicable						
Hazard Class:	Not applicable						
UN Number:	Not applicable						
Packaging Group:	Not applicable						
Marine Pollutant:	Not applicable
