

TECHNICAL INFORMATION BULLETIN
 FOR THE USE OF REGALIA® BIOFUNGICIDE
 ON STRAWBERRY FOR MANAGEMENT OF ALL LABELLED PATHOGENS
 REVISED LANGUAGE ON WATER VOLUMES

FIFRA Section 2(ee) Recommendation

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the U. S. Environmental Protection Agency.

FOR USE IN ALL STATES WHERE CROP AND PEST(S) EXIST AND WHERE 2(Ee) RECOMMENDATIONS ARE RECOGNIZED.

REGALIA® Biofungicide

EPA Reg. No. 84059-3

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Crop	Targets	Application Method	Product Use Rate per Application	Application Instructions
Strawberry	All labelled pathogens	Foliar	1 qt-4 qt/Acre	For FOLIAR GROUND applications <ul style="list-style-type: none"> • For ground applications in 15–250 gallons of water per acre. When applying water volumes in excess of 100 gallons of water per acre, apply REGALIA® Biofungicide at 2-4 qt/Acre alone or in a tank-mix with another fungicide. When applying water volumes of 15-100 gallons per acre do not exceed a concentration of REGALIA® Biofungicide in excess of 1% v/v. • Avoid excessive amounts of water that result in the runoff of spray material. • Repeat applications at 7–10 day intervals depending upon crop growth and disease pressure. • Under moderate to heavy disease pressure, tank-mix this product with another fungicide. • Consult your local Extension Specialist or Crop Consultant regarding the optimum timing of fungicide application. • For plant health applications, apply two to three weeks prior to cutting.
REGALIA® Biofungicide has a pre-harvest interval (PHI) of 0 days . Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 4 hours .				

All applicable directions, restrictions and precautions on the EPA-registered label are to be followed.

This FIFRA Section 2(ee) recommendation contains new or additional directions for use of this product, which may not appear on the package label. Read and carefully observe the cautionary statements plus all the other information appearing on the product label.

This recommendation must be in the possession of the user at the time of pesticide application.
